

FUTURE STARS SERIES

**OCTOBER
7TH-9TH**

**UNIVERSITY OF
ARIZONA**

On behalf of New Balance Baseball and PROGRAM 15, I would like to welcome you to the 1st Annual New Balance Future Stars Series Fresh 50.

We are especially proud to be able to give these outstanding underclass high school players the opportunity to experience the game of baseball at University of Arizona's Hi Corbett Field, in front of prominent MLB scouts and college coaches from around the country.

This event is squarely focused on shining the spotlight on the abilities of these incredible young athletes while furthering their development and making this experience an important steppingstone on their path to success in life through the game of baseball.

It's certainly been exciting to watch players progress over the last six years. In the short history of the New Balance Baseball Future Stars Series there have been over 100 MLB Draft Picks and International Signings of players who have participated in past FSS events, with at least one alumni selected in the first round for five consecutive years.

The New Balance Future Stars Series is not just about discovering and developing the MLB Heroes of tomorrow; it's about discovering and developing the leaders of tomorrow by creating real opportunities where they don't exist today: opportunities for an education, opportunities for a future. We are incredibly grateful that you are part of this chapter in our mission to **CHANGE THE GAME!**

Remember the names on this year's rosters, I'm confident you will see several of these future stars pop up in a future MLB Draft.

PROGRAM 15 SPORTS

The **PROGRAM 15 Staff** offers decades of experience at both the collegiate and professional levels. Our evaluators and instructors have played, coached, and scouted at the highest levels of baseball and have been directly involved in player advancement from high school to college and on to the Major Leagues.

All evaluations are performed with the goal of improving the player's self-awareness and ability to maximize abilities and achieve their goals. While college scholarships or a professional career can't be guaranteed, our system has helped many players across the country accomplish these feats. Additionally, the PROGRAM 15 staff has developed a strong network across all levels that, if applicable, can be accessed to help local players.

TRUE MAJOR LEAGUE EVALUATIONS

The **PROGRAM 15 Scouting and Development** staff brings over 200 years of combined experience at both the collegiate and professional levels.

PROGRAM 15 evaluators and instructors have played, coached, and scouted at the highest levels of baseball and have been directly involved in players moving forward *collegiately, professionally, and onto MLB rosters.*

PROGRAM 15 Scouting Reports are just one of the reasons Future Stars Series Scouting and Evaluation events have built a reputation as the most comprehensive amateur baseball player identification and development experiences available.

Backed by decades of Pro Baseball Scouting experience, PROGRAM 15's highly skilled scouting staff provide in-depth and credible evaluations you can trust because they are the same credible evaluations that are trusted by Major League scouts and college coaches across the country.

GROUNDBREAKING PLATFORM FOR AMATEUR BASEBALL PLAYERS TO UNLOCK THEIR BRAND POTENTIAL

Since the invention of baseball, the appetite for player memorabilia has grown from a hobby of the die-hard fan to a bonafide investment asset class for serious collectors. Over the last couple of years, the memorabilia business has been rapidly expanding into the metaverse with digital collectibles in the form of NFTs (non-fungible tokens). Since 2019, the meteoric growth of the overall NFT market, which is a subset of the crypto ecosystem, soared from almost nothing to more than \$44 billion in 2021.

Deloitte Global predicts that NFTs for sports media will generate more than \$2 billion in transactions in 2022, about double the figure for 2021 and by the end of 2022 that 4–5 million sports fans globally will have purchased or been gifted an NFT sports collectible.

With that kind of momentum, it's no wonder that professional sports organizations like the MLB, NFL, NBA and NHL are enthusiastically embracing NFTs as the next generation of collectibles.

READY TO LAUNCH FANTASY BASEBALL

NFT Player Cards Are The New Memorabilia

In collaboration with Unitos International USA that launched MANAGERNFT fantasy sport play to earn games in blockchain, Future Stars Series Digital has combined the most profitable NFT sectors of Art and Gaming to create a Fantasy League comprised of Future Stars Series players. Players will earn money when fans buy their NFT as collector's memorabilia.

WAYS TO EARN... AND HELP OTHERS

Buy and Sell Your NFT

- ✓ Create your own and unique NFT to sell on Market Place
- ✓ Promote and Sell on Social Media
- ✓ Create Collectibles or Rarity NFT
- ✓ Earn when a fan buys your NFT as a Collectible

Be Acquired in Fantasy League

- ✓ Earn when a fan buys your NFT for their Fantasy Games
- ✓ Join Gamers Chat Rooms to Promote your skills and development
- ✓ Post your Play Schedule – FSS Digital will upload points based on performances

Create Fundraisers

- ✓ Give back to your community
- ✓ Raise money towards college scholarship

Future Stars Series Digital is committed to helping players raise funds to assist with their tuition in the form of college scholarships through the Future Stars Series Foundation by creating value with the digital branding of their likeness in several ways.

In addition to NFTs in the fantasy baseball space and premium collectible artwork, players can grow their popularity through Future Stars Series Digital daily podcasts, print media, and soft rankings, which will collectively identify the best players in each grad class or before the draft without a number assigned to them. Players will be selected with an eye on future impact rather than only present numbers.

FOUNDATION MISSION

The Future Stars Series Foundation was created with one goal in mind - to provide the opportunity for all players regardless of background, financial situation, or location to have the chance that otherwise they would not have been able to afford.

Many players today face barriers to enter the game and lack the resources to overcome those. Your donation today and hopefully monthly will provide the on-going support that is needed to award these opportunities to those most in need.

Will every player you help make it to the Major Leagues? No, but it will give them confidence in believing that they can overcome life's obstacles. The impact that your gift will have goes far beyond the playing field. You will directly play a role in changing a life that could lead to a college education for a young student-athlete who may not of even though graduating high school would be possible.

You have the choice to donate on different levels, but please know, whether you donate \$5 or \$5,000, you are making a difference. We are breaking down barriers. Please join us in our quest to provide a level of success for these young players.

OUR VISION

The Future Stars Series Foundation strives to create a level of impact within the athletics community while also supporting other charitable organizations. Players that are chosen to attend certain level events for the New Balance Future Stars Series have the opportunity to raise funds, helping pave the way for other players to attend events where a financial barrier exists.

These players double the impact by also working with a charity that is selected by the Foundation board or one that the player chooses for personal reasons. The goal is to create an understanding that our level of impact and paying it forward is bigger than just the game of baseball. We want each player to pay it forward helping other players achieve their dreams just as they are doing without limitations for financial reasons.
