Letter from the CEO

Jeremy Booth, CEO & President of Baseball Operations
New Balance Future Stars Series

Welcome to Globe Life Field and Riders Field, home of the Texas Rangers and the Frisco Rough Riders, the Double-A Texas League affiliate of the Texas Rangers

This weekend we're proud to host three of our signature events with New Balance Baseball and Program 15 Sports: the Main Event, featuring players from the Class of 2026, the Underclass Elite showcasing top prospects from the class of 2027 and the Main Event Showdown featuring 6 of top JUCO programs in the country.

To be here isn't for everyone. Selection means you've already shown the tools, the upside, and the makeup to be considered a prospect. It doesn't always mean you're the most physically mature or fully developed—if anything, that's a good sign. Players who peak too early often find themselves running out of room. The young men here are built for growth. They have athleticism, instincts, ability, and most importantly, character.

That's why this weekend matters. It's where the scouting process truly begins, where development deepens, and where players start building value for the long run. Every rep, every at-bat, every inning is part of that foundation. And every time we bring these groups together, they give us more to work with, more to believe in, and more to be excited about for the future of this game.

These players are here to compete, to hustle, and to embrace a standard set by the generations who came before them in Future Stars Series. They're writing their place in baseball history—and in our family.

For me, it's one of the most special weekends of the year. Every time we wrap it up, I'm already looking forward to the next one. So, enjoy it. Ask questions. Engage. Be part of it.

But most of all, let's watch these boys grow, compete, and take the next step in their journeys.

About the New Balance Future Stars Series

Future Stars Series (FSS) has become one of the most impactful forces in amateur baseball, both as a player development platform and as a leading figure in MLB Draft operations.

Experience Matters

FSS is built and run by actual baseball evaluators (ex-scouts, front office execs, player development staff), not just event promoters. MLB organizations trust our product. Unlike showcase-only circuits, FSS emphasizes growth, pro-style instruction, and player makeup — aligning with how MLB evaluates.

Embracing Technology

FSS scouting reports and event results are leaned on heavily by MLB clubs. With Synergy, TrackMan/Hawkeye, and other advanced tools, the Future Stars Series feeds data directly into MLB organizations in the same format teams use internally. This has amplified its importance for draft prep and cross-checking.

Earning Players Trust Through Results

Top prospects prefer FSS because our emphasis on THEIR growth is the only thing that matters. FSS mirrors pro ball, gives players a chance to be directly evaluated by MLB decision-makers, and offers a development path, not just exposure. Being selected for an FSS signature event = "I'm a real prospect." It's a badge of credibility that resonates with both peers and pro evaluators.

Expanding International Operations

FSS has bridged the international and U.S. amateur scouting worlds, giving MLB clubs a more unified view of talent. Its shift from International Week to the Main Event helped bring the global player pool under the same spotlight as domestic players. Combines in Puerto Rico, Dominican Republic, Colombia, Aruba, Canada, Bahamas, Panama, and Japan have identified hundreds of potential future MLB players.

Meet the Boss

Jeremy Booth

CEO & President of Baseball Operations, Future Stars Series

Jeremy Booth operates at the intersection of strategy, development, and culture.

Raised in a family deeply connected to sports and law, his father, Aaron Booth, was a prominent agent representing elite MLB talent which meant Booth grew up immersed in the game's culture from a young age. This upbringing instilled a blend of competitive drive, analytical thinking, and respect for the game's traditions. Coupled with a high intellectual acumen, Booth has leveraged these roots into a rare combination of instinctual evaluation, strategic foresight, and leadership gravitas.

Labeled by many as an exceptional talent evaluator and strategist, Booth is central to Future Stars Series operations, highly connected with MLB executives and scouts and known for integrating analytics with traditional scouting insight into all aspects of player development.

A fearless visionary, Booth has become synonymous with authority, insight, and influence in player development and draft operations. Having spent years at the professional levels of baseball both as a player and scout, he is a trusted advisor to numerous MLB executives and is key in recognizing emerging scouting talent.

Under his leadership, the New Balance Future Stars Series has become a unifying presence in the amateur baseball landscape, with flagship events hosted by the Red Sox, Mets, Rangers, and Dodgers. In 2024, FSS alumni made up just under 16% of MLB Draft selections and 33% of participants at the MLB Draft Combine. The program has helped secure signing bonuses totaling in the hundreds of millions across the draft and international signings and in 2025, 66 players were drafted into MLB and thousands have participated in the various regional combines and tournaments both domestically and internationally.

In addition to his FSS responsibilities, Booth also serves as a baseball analyst for KHOU, the CBS affiliate in Houston, and a Front Office Insider for ESPN 97.5, providing in-depth, real-world perspective shaped by decades in scouting, player development, and executive leadership. He is also the author of the No. 1 Amazon bestseller "Inside the Mind of a Scout", a must-read that demystifies how professional evaluators think, project, and make decisions.

Program 15 Sports & FSS Staff

The Program 15 Sports and New Balance Future Stars Series staff offers decades of experience at both the collegiate and professional levels of organized baseball. Our evaluators and instructors have played, coached and scouted at the highest levels of the game and have been directly involved in player development from high school to college and on to the Major Leagues.

All evaluations are performed with the goal of improving the player's self-awareness and abilities in order for them to achieve their goals. While college scholarships or a professional career can't be guaranteed, our system has helped many players across the country accomplish these feats.

Additionally, the organization has developed a strong network across all levels that, if applicable, can be accessed to help local players further their dreams in the game of baseball.

HENRY

Events Attended: 2025 Regional Combines

Scouting Report: Dynamic outfielder with a rare tool set: 70 runner with plus power, arm strength, and defense. Reminds of Andre Ethier with more speed. True center fielder first, capable of playing all three spots. Defense can carry him on days the bat doesn't click, while his bat control and strike-zone discipline provide everyday lineup value.

Events Attended: 2025 Regional Combines

Scouting Report: Anderson is a quick-armed right-hander with a fastball that already touches 94 and has room for more. He works with a bit of an up-tempo delivery and pairs his heater with an effective breaking ball. As he develops more feel for manipulating the baseball to pitch inside, the arsenal will round out further. He profiles as a back-end starter in shorter bursts.

Main Event Player Profiles

(Alphabetical Order)

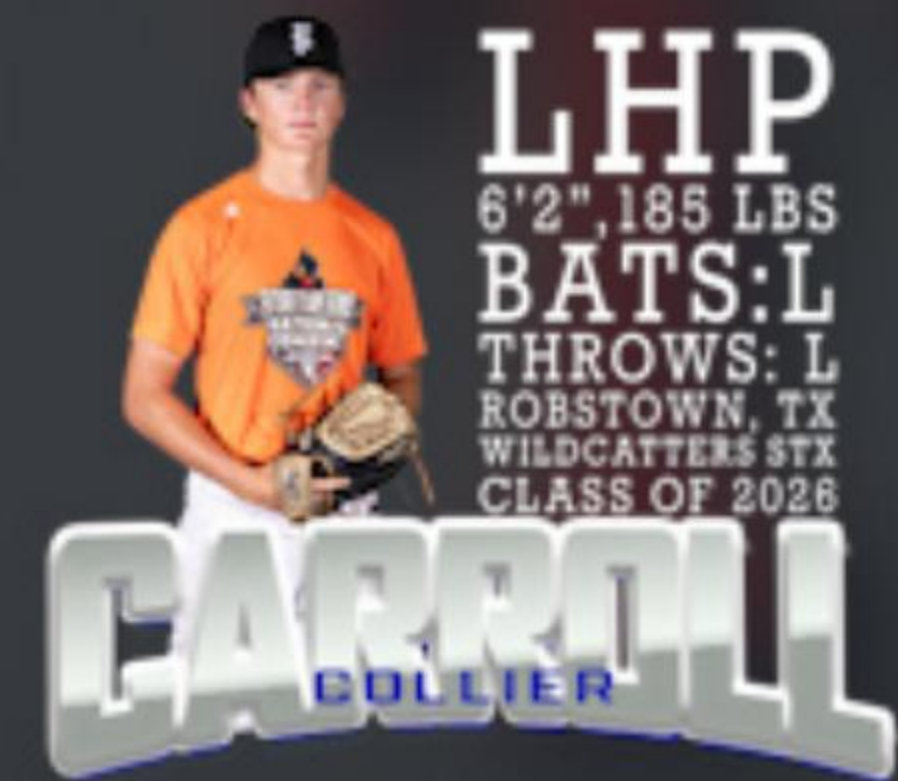

Events Attended: Regional Combine

Scouting Report: Physical left-hander up to 95 with a power breaking ball. Reminiscent of Ray King in build and style. Profiles long term as a bullpen weapon but could start at the collegiate level with improved strike throwing. Fastball works effectively to both sides of the plate. Projects as a durable power arm who could pitch for a long time.

Events Attended: 2025 National Combine

Scouting Report: Tools project for plus defense up the middle, consistent solid contact and a chance to reach the gaps. His left-handed swing is easy with bat speed, thanks to really good hands.

Events Attended: 2025 National Combine

Scouting Report: Projectable frame and a three-pitch mix, all with plus futures, led by the curveball. Has feel for changeup, throws strikes with everything, sat 88-89 with the fastball. Good athlete, solid delivery with good extension.

Events Attended: 2025 National Combine

Scouting Report: Two-way player, strength and projectable power at the plate and upside on the mound. He was into the upper-80s with his fastball over the summer, showed good spin on the curveball, and projects to throw strikes.

Events Attended: 2025 National Combine

Scouting Report: Strong, lean build, good catcher's frame. Receiving and throwing skills developing along with lateral mobility and flexibility to fit the position. Line-drive results and barrels in BP. Stays focused, solid makeup. Chance to profile at catcher long-term.

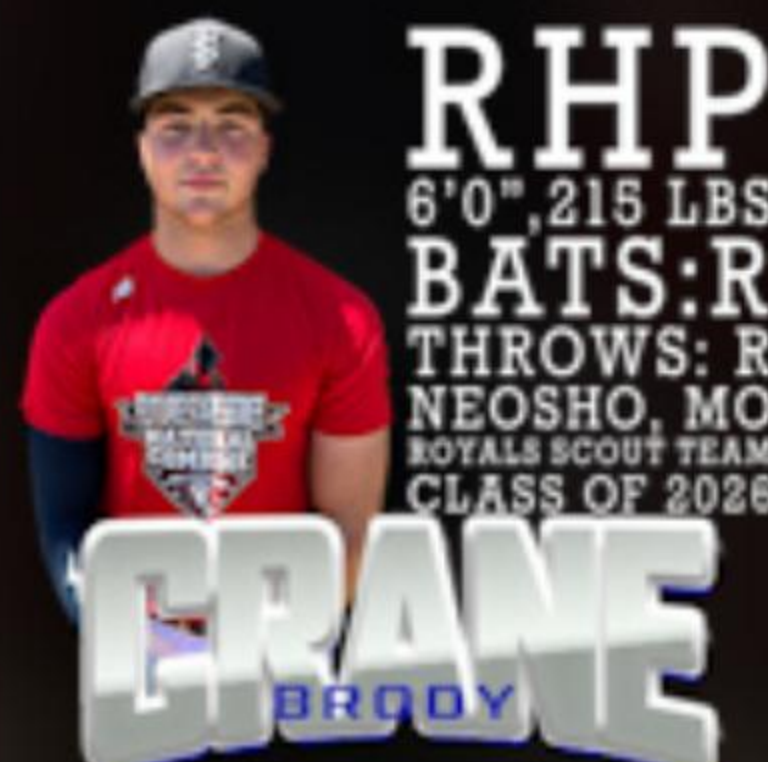

Events Attended: Georgia Premier Scout Day 2023, 2023 Underclass Combine, 2023 Underclass Premier, Atlanta Regional Combine 2024, 2023 National Combine, 2024 National Tournament, 2024 Underclass Elite, 2024 Main Event, Georgia Premier Scout Day 2025, 2025 National Combine

Scouting Report: Top end No. 1 starter with electric stuff. Plus fastball, slider, and changeup with a chance for two 70-grade pitches, and throwing more strikes than ever. Plus work ethic and makeup.

Events Attended: NorCal World Series 2023, NorCal World Series 2024, 2025 National Combine

Scouting Report: Has all the makings of a long-term starting pitcher with velocity, control and command, and a clean delivery. Slider has spin and he showed some feel for the changeup.

Events Attended: 2025 National Combine

Scouting Report: Power arm for starting role. Endurance, strength to get deep into games. Three-quarter slot, good feel for slider, tight spin on curveball, and projects to throw a lot of strikes.

Events Attended: Texas Edge Scout Day 2024, 2024 Underclass Combine, 2024 Underclass Elite, 2025 National Combine

Scouting Report: Fast-twitch athlete at a premium position. Good body control, 70 runner. Room to add strength to frame. Good feet, hands, and actions. In the box has good hands through the zone, potential for more impact with further development.

Events Attended: 2025 National Combine

Scouting Report: Good, lean, athletic frame. Looks like a big leaguer with tools and skills to be a top prospect. Bryan Reynolds comp. Advanced swing, healthy, repetitive stroke with balance, rhythm, and timing. Whip to the barrel. Internal clock to hit. Can throw and run. Five-tool prospect in corner outfield.

Events Attended: Georgia Premier Scout Day 2023, 2023 Underclass Combine, 2023 Underclass Premier, Atlanta Regional Combine 2024, 2024 National Combine, 2024 National Tournament, 2024 Underclass Elite, Georgia Premier Scout Day 2025, 2025 National Combine

Scouting Report: Good athlete with body control, good hands and feet on defense. At the plate, he has rhythm with a consistent load leading to consistent solid contact. There are multiple projectable tools here, including defense and speed, but the bat has a chance.

Events Attended: Georgia Premier Scout Day 2025, 2025 National Combine

Scouting Report: Athletic and plays with passion. Gets good jumps on defense, good routes, carry to his throws. At the plate, he has bat speed and gap power which plays in centerfield.

Events Attended: 2024 National Combine, 2024 National Tournament, 2024 Underclass Elite, 2024 Main Event, 2025 National Combine

Scouting Report: Athletic, strong, plus arm, switch hitter with long-term advantage right-handed. Future on mound is bright. Competes, velocity to 90 mph, curveball has depth, and flashed a few changeups with promise.

Events Attended: Dallas Regional Combine 2022, Houston Regional Combine 2025, 2025 National Combine

Scouting Report: Dolan is a hitter with consistent barrels and some loft for the gaps. Good balance, rhythm, and timing. Has the makeup for catching with enough arm and mobility to stick long-term.

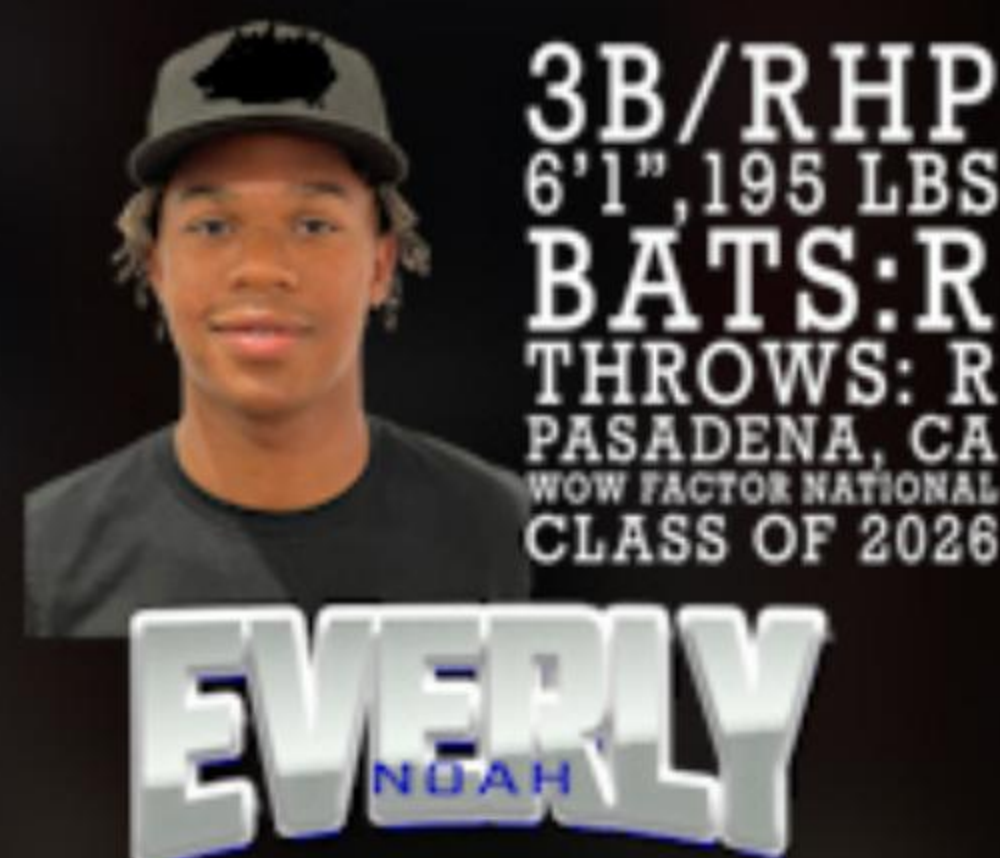

Events Attended: The Farm Scout Day 2023, 2025 National Combine

Scouting Report: Great athlete with plus-plus speed, body control, and will work as a middle defender. He has good bat speed, strong knowledge of the strike zone and a knack for squaring up the baseball.

Events Attended: Regional Combine

Scouting Report: Everyday third baseman at the Major League level with middle-of-the-order impact. Profiles as a modern-day No. 2 hitter or prototypical No. 3, capable of driving in runs while extending innings with mature at-bats. Emerson controls the zone with advanced pitch recognition, balance, and rhythm, consistently producing hard contact to all fields.

Events Attended: Regional Combine

Scouting Report: Athletic outfielder with power upside and strong bat-to-ball skills. Above-average runner, defender, and throw tool. Also up to 92 mph on the mound with feel for his pitches, making him an ideal two-way college prospect in today's game. Offensively projects as a professional outfielder. A winning player with championship pedigree, baseball instincts, and the ability to impact the game in multiple ways.

Events Attended: Music City Mania 2023, 2024 Underclass Combine, 2024 Underclass Elite, 2025 National Combine

Scouting Report: Georgelos can run, throw, hit for average and defend. He gets good jumps and takes good routes. At the plate he's aggressive and makes contact with authority.

Events Attended: NorCal World Series 2024, 2024 Underclass Combine, 2024 Underclass Elite, NorCal Regional Combine 2025, NorCal World Series 2025, 2025 National Combine

Scouting Report: Two-way player with future at the plate and at a corner infield spot. Good idea of the strike zone, avoids the chase, aggressive swinger and has bat speed. He uses his lower half well to get to good power, which projects to plus with a chance to hit for average, too. He has a good arm that plays anywhere and hands that should help him stay valuable in the field.

Events Attended: Oxford Regional Combine 2024

Scouting Report: Catcher who reminds of Will Smith (Dodgers) with his combination of offensive and defensive value. Quality bat that makes consistent contact with extra-base upside. Elite defender with a plus arm, strong receiving ability, and knack for handling a pitching staff. A Future Stars Series veteran who earns praise from evaluators like Pat Murphy for his leadership behind the plate and control of the running game.

Events Attended: 2025 National Combine

Scouting Report: Fast-twitch athlete with fluidity and body control. Above-average feet, really good hands, good actions with the glove. In the box, consistent contact with quick bat. Knows the strike zone, rarely chases.

Events Attended: 2024 National Tournament, 2024 Underclass Elite, 2025 National Combine

Scouting Report: Poise, athleticism, and can really hit. Natural leader, versatile defender, plays with great control and slow internal clock. Good hands and actions for second base. At the plate he uses the whole field with a short, fluid swing that impacts the ball, and can run once on base. Hit tool stands out, but can defend and is a plus runner.

Events Attended: 2025 National Combine

Scouting Report: Catcher from Puerto Rico with standout arm strength and receiving ability from multiple setups. Brings defensive versatility — capable behind the plate or at the corners. Offensively, shows enough bat to justify everyday opportunities. High-motor competitor who hustles, takes instruction well, and adjusts quickly. Wants it as much as anyone and embodies the type of player you want.

Events Attended: Dallas Regional Combine 2025, 2025 National Combine

Scouting Report: Good athlete with huge upside. Touched 89 mph over the summer, plenty more to come. Slider flashed with good spin. Three-quarter slot with some funk in the arm stroke. Repeats well with extension out front for strikes. He has power at the plate with some upside.

Scouting Report: Lean frame with room to add size and strength. Fluid feet, soft hands, good actions for staying up the middle defensively. Good arm, plus runner. Good bat speed that's improved this year, quick hands, consistent hard contact.

Events Attended: 2025 National Combine

Scouting Report: Tatum is a two-way talent. Athletic build, physical upside left. Up to 91 mph this summer with a heavy fastball. He projects to throw strikes. Solid all-around tools to profile in centerfield.

Events Attended: Regional Combine

Scouting Report: Versatile outfielder with an 80 run tool and a bat that projects as at least average. Reminiscent of Austin Jackson with top-of-the-order potential. Instinctive center fielder who can track balls down, impact the running game with his arm, and change a game on the bases. Offers defensive versatility, though long-term home is in center field.

Events Attended: Regional Combine

Scouting Report: Fastball up to 93 with a developing breaking ball and changeup. Strike-thrower with enough athleticism and quick-twitch actions to remain a starting option. A legitimate two-way player with raw power at the plate, deserving a chance to hit until proven otherwise. Long-term, he profiles best as a middle-rotation starter, but his bat has upside for college impact.

Events Attended: 2025 National Combine

Scouting Report: Third baseman with high-end defensive skills — a true 70 defender with soft hands, strong arm, and excellent instincts. Shows a 50-55 hit tool with 60 power potential and average run. Can handle shortstop in high school but projects long term as a plus third baseman. Grinder, gamer, and first-class teammate who puts in the work daily. One of the highest-upside players in the group and a personal favorite.

Events Attended: 2024 Underclass Combine, 2024 National Tournament, 2024 Underclass Elite, San Antonio Regional Combine, 2025 National Combine

Scouting Report: Good lean frame, shows athletic actions and has some physical upside. Direct swing with good resistance, line drive results and lot of barrels. Solid instincts and game awareness, good makeup. Enough run and arm to play the outfield when he's not pitching. On the mound it's four projectable pitches, led by a future plus

Events Attended: Los Angeles Regional Combine 2023, 2023 Underclass Premier, 2023 Underclass Elite, 2024 Underclass Combine, 2024 Underclass Elite, 2025 National Combine

Scouting Report: Large frame, lean and looks the part. Strength gains to come. Arm is best tool as position player. As pitcher, future plus fastball with life, both curveball and changeup project.

Scouting Report: Strong frame and room for more. Good bat speed and power to his pull side. On the mound, the fastball projects well, showing cut and sink. Best pitch is 68-72 mph curveball with bite.

Events Attended: Trombly Scout Day/SoCal Regional Combine 2024, 2025 SoCal Regional Combine, 2025 Underclass Combine

Scouting Report: Prototype right-hander, strong lower half. Slider has a chance to be above-average, he showed a feel for the changeup, and his curveball has some depth. Fastball projects well and his command has improved. Delivery is simple and repeatable, arm action is clean, and he stays inline to the plate.

Events Attended: 2025 Underclass Combine

Scouting Report: Solid athlete with defense and base running ability. Good instincts. Times his hands and stride well in the box. More separation could add power production.

Events Attended: Trombly Scout Day/SoCal Regional Combine 2024, 2024 Underclass Combine, 2024 National Tournament, 2024 Underclass Premier, 2025 SoCal Regional Combine

Scouting Report: Excellent all-around player with strength and instincts. Smooth, easy left-handed swing with good path, and the hands work well. Stays in versus lefty breaking balls. Advanced hitter. Loose, smooth, easy action in the field, should be a plus fielder. On the mound, polished, big-league delivery with rhythm and temp. Fastball shows sink, curveball has good rotation, changeup sinks in the zone. Chance to play both ways.
